Who We Are

CompTIA is the global IT trade association and the voice of the industry

Our Mission

Advance the IT industry
Technology is infrastructure, just like roads and bridges. Our country’s economic growth, national security and quality of life depend on it. When we help tech businesses grow and help build a skilled tech workforce, we make that infrastructure stronger

Who We Serve

Tech executives, tech professionals, tech educators, and anyone who may be interested in a tech career

How We Do It

- **EDUCATION**
  - Industry-leading research, education, and advice to help grow tech businesses and careers

- **CERTIFICATION**
  - Vendor-neutral certifications that help millions of IT pros around the world validate their skills and advance in their careers

- **COMMUNITY**
  - Communities, councils, and events that help thousands of members and registered users expand their networks and give back to the industry

- **ADVOCACY**
  - Advocacy at federal, state, and local levels for policies that build a skilled tech workforce and promote the digital economy

- **PHILANTHROPY**
  - Help for those in under-represented populations to prepare for, secure, and succeed in IT careers
